FOREWORD

A Word From the Management.

At Medinox JBN Ltd, our purpose is simple yet vital — to ensure that safe, effective and affordable medicines reach the people and institutions that depend on them. Tanzania's healthcare system relies on a steady, trustworthy supply of quality pharmaceutical products, and that is the responsibility we have chosen to carry.

From the day we were established, we set out to build a company defined by integrity, compliance and dependability. Every product we import and distribute is handled with care and in line with national regulatory standards, because behind every order is a patient, a pharmacy or a hospital counting on us.

As we grow, our commitment remains constant: to be a partner our customers can rely on, and to contribute meaningfully to better healthcare outcomes across Tanzania and the wider East African region.

The Management

MEDINOX JBN LTD

WHO WE ARE

About Us.

Medinox JBN Ltd is a pharmaceutical importation and distribution company based in Dar es Salaam, Tanzania, specialising in the importation and supply of high-quality human medicines sourced from reputable international manufacturers.

We are committed to ensuring the availability of safe, effective and affordable pharmaceutical products that contribute to improving healthcare outcomes across the country. With a strong focus on quality, regulatory compliance and customer satisfaction, we serve healthcare facilities, pharmacies, wholesalers and other healthcare stakeholders throughout Tanzania.

Guided by integrity and a commitment to dependable supply, we work to be a partner that healthcare providers can trust – today and as we expand across the East African region.

Support with the documentation and processes required for compliant importation and supply.

OUR OPERATIONS

		
<p>Storage & Warehousing</p> <p>Proper storage that protects product integrity.</p>	<p>Nationwide Distribution</p> <p>Reliable delivery across Tanzania.</p>	<p>Pharmacy & Healthcare</p> <p>Serving facilities, pharmacies & programmes.</p>

HOW WE WORK

Our Approach.

From sourcing to support, every medicine follows a controlled pathway designed to protect quality and ensure reliable delivery.

- 1 Source**
We identify and qualify reputable international manufacturers of quality medicines.
- 2 Verify & Comply**
Every product is checked against regulatory and quality requirements, in line with TMDA.
- 3 Store & Handle**
Proper storage and handling protect product integrity at every stage.
- 4 Distribute**
Medicines are delivered reliably to facilities and pharmacies across Tanzania.
- 5 Support**
Ongoing customer service and supply continuity keep our partners running.

OUR SPECIALTY

Oncology Portfolio.

Medinox JBN Ltd focuses on the importation and supply of **oncology (cancer) medicines**, spanning the following therapeutic classes – including but not limited to:

	CYTOTOXIC CHEMOTHERAPY	Paclitaxel · Docetaxel · Carboplatin · Doxorubicin · Cyclophosphamide
	TARGETED THERAPY	Imatinib · Erlotinib · Sorafenib · Sunitinib · Bortezomib
	MONOCLONAL ANTIBODIES	Bevacizumab · Rituximab · Trastuzumab
	HORMONAL / ENDOCRINE THERAPY	Tamoxifen · Anastrozole · Letrozole · Abiraterone · Bicalutamide
	IMMUNOMODULATORS & HAEMATOLOGY	Lenalidomide · Pomalidomide · Hydroxyurea · Deferasirox
	SUPPORTIVE & ADJUNCT CARE	Ondansetron · Dexamethasone · Filgrastim · Zoledronic acid

Please note: availability of specific products depends on registration and approval by the Tanzania Medicines and Medical Devices Authority (TMDA), market demand and manufacturer supply schedules. Names shown are generic active ingredients, listed for reference only.

07

TRUST & STANDARDS

Quality & Compliance.

Quality and patient safety sit at the centre of everything we do – from sourcing through to final delivery.

01

Regulatory Compliance

Products are imported and distributed within the regulatory framework of the TMDA.

02

Supplier Qualification

We source only from reputable manufacturers meeting recognised quality standards.

03

Good Distribution Practice

Distribution processes are designed to safeguard medicine quality and safety.

04

Storage & Handling

Appropriate storage conditions and careful handling preserve product integrity.

05

Traceability

Proper documentation supports traceability throughout the supply chain.

06

Patient Focus

Every control exists for one reason – the safety of the patients we ultimately serve.

08

STRATEGIC ALLIANCE

Our Manufacturing Partner.

Medinox JBN Ltd works in partnership with **Apotex Inc. of Canada** – one of the world's leading producers of high-quality, affordable generic and specialty medicines.

Through this relationship, Medinox is able to bring internationally manufactured, quality-assured pharmaceutical products to the Tanzanian market, strengthening access to safe, effective and affordable treatment for healthcare providers and patients across the country.

WHAT THIS MEANS FOR OUR CUSTOMERS

Quality-assured sourcing from a globally recognised manufacturer.

Products manufactured to recognised international quality standards.

A broader portfolio of human medicines for the Tanzanian market.

Reliable, continuous supply through an established partner.

Please note: all products introduced through this partnership are supplied subject to registration and approval by the Tanzania Medicines and Medical Devices Authority (TMDA). Product and brand names referenced remain the property of their respective owners.
